

Brite Plants

We are a wholesale nursery providing contract growing and supply, propagation services, and potted plants. We offer high-quality plant stock that meets all your specifications and deadlines. As a trusted and proven partner, we work closely with developers, builders and landscape contractors, as well as supplying government infrastructure projects.

Brite Plants is a highly successful Nursery Industry Accreditation Scheme Australia (NIASA) accredited wholesale nursery. We consistently offer high-quality products and services at competitive prices.

- NIASA accreditation
- Producing in excess of 500,000 plants per year
- Premium quality plant lines (including Austraflo® and Touch of Class® Plants)
- Sourcing and contract growing services
- Plant brokerage services
- Extensive horticultural knowledge in growing a wide range of plants

Capability

We have successfully delivered across a number of Victorian Government infrastructure projects, including the Toorak Road Level Crossing Removal - South Eastern Program Alliance. More recently we secured supply for Bell to Moreland Level Crossing Removal - North Western Program Alliance.

Our experience is varied and includes direct supply contracts to tier 1 contractors, as well as delivery on projects via tier 2 contractors. Our proven project management expertise effectively mitigates risks and ensures delivery in full and on time.

Our current range of plants includes (but is not limited to):

- potted herb and succulent varieties
- native and exotic grasses and tufting varieties
- native and exotic groundcovers
- native and exotic shrub/hedging varieties
- premium range varieties
- assorted fruit tree varieties
- showcase tree varieties (native and exotic).

Brite is able to grow plants in container sizes that meet your project needs including (but not limited to):

- tubestock (Forestry and Hiko)
- 10cm, 14cm, 20cm, 25cm, 30cm, 40cm, 50cm sized pots
- advanced sizes 100L or more.

About Brite

We are a training and employment social enterprise based in Victoria, located close to airport, seaport and major road infrastructures. We have provided ongoing employment to people with disability for more than 40 years.

We employ over 150 people with disability, and also provide a wide range of support services to further develop our employees' capabilities to access improved social and economic opportunities in the community.

Brite was founded to create an inclusive workplace and environment that supported people with a wide range of abilities and skills. But as research, technology and perceptions changed, so did the main purpose of Brite. There is now more acceptance and understanding of people living with disabilities than 40 years ago. Our goal is to harness that new perception to provide inclusive places for people with disability to work and study.

Our history focused on developing opportunities and connection for people of all abilities. Our future is about building inclusive workplaces and communities.

Our value proposition is simple:

1. We are highly price competitive.
2. We deliver in full and on time.
3. By engaging Brite, you are creating employment for people with disability and meeting your social procurement targets.

Our vision

Inclusive workplaces and communities that value people of all abilities.

Our purpose

To transform lives through meaningful work and training, allowing people with disabilities to live a more rewarding, independent and fulfilling life:

- by providing training, employment and pathways for people with disability.
- by developing and supporting an exceptional disability and service sector workforce.
