Student registration information

1. **Pre-training Review (PTR)**

The goal of the PTR is to evaluate participants knowledge, attitude and skills before and after the training. The PTR is used **to determine your competency levels and assist us with tailoring your training plan**. The review also helps to identify skills recognition and credit transfers when applying for a vocational education course.

2. **Undertake your language, literacy & numeracy (LLN) assessment.**

You'll be directed to complete an LLN assessment. It is very important that you do not skim through the assessment. If you do not meet certain levels, we may not be able to proceed with your enrolment or may offer a different pathway to alternative training options.

3. **Completed PTR & LLN next step.**

Now that you have completed the pre-registration requirements, a team member will contact you via email with a link to our online registration.

4. **How to apply**

Our online application and enrolment process is designed to be as simple and straightforward as possible. However, there are a few things you can do to prepare.

If you need any assistance with your application or choosing the best course for you, please contact our team briteinstitute@brite.org.au.

5. **Create or find your unique student identifier (USI)**

Students undertaking nationally recognised training need to have a USI issued by the Australian Government in order to receive a qualification or statement of attainment.

USI Privacy Notice: https://www.usi.gov.au/about-us/privacy

You will need to supply your USI during your online application.

Click here to create a USI or click here to find your USI

6. **Identification**

During registration, you will need to upload copies or photos of at least two forms of identification (both sides), including confirmation of your citizenship status or permanent residency (e.g., green Medicare card), your photograph, current residential address, and date of birth (e.g., driver's licence).
