

HLTAID009 Provide Cardiopulmonary Resuscitation

HLTAID009 Provide cardiopulmonary resuscitation (CPR) course covers the knowledge and skills required to

- *provide CPR,*
- *manage and assess an emergency situation,*
- *use an automatic external defibrillator (AED),*
- *understand DRSABCD and the First Aider's legal responsibilities.*

Provide CPR is trained and assessed in line with Australian Resuscitation Council (ARC) guidelines.

This is a blended course with self-paced online learning (e-Learning) and face-to-face training. Before attending the face-to-face training, students will need to complete their e-Learning which can be done in one sitting or over several sessions. Depending on the student's learning ability, they should allow up to 1 – 2 hours for reading and e-Learning. Face-to-face training and assessment take 2 hours in a classroom environment.

You will receive a PDF Statement of Attainment in HLTAID009 Provide cardiopulmonary resuscitation emailed to you on successful completion of your training and assessment. Safe Work Australia recommends renewing CPR certification every 12 months. This is simply a matter of doing a refresher course with a Registered Training Organisation.

Cost: \$45.00 per person

Group Bookings

Brite Institute can come to you to deliver the First Aid course of your choice, training your people onsite at your workplace or business.

We have streamlined our course delivery. It's relaxed and educational while ensuring minimum downtime for you and your group.
