

HLTAID011 Provide First Aid

HLTAID011 Provide First Aid is the minimum requirement for workplace first aid compliance.

In this course, you will learn the skills and knowledge to be able to

- provide first aid response and life support,*
- manage casualty(ies), the incident, and other first aiders, until qualified emergency help arrives at the scene of the incident.*

HLTAID011 Provide First Aid is trained in line with the Australian Resuscitation Council (ARC) guidelines.

This is a blended course with self-paced online learning (e-Learning) and face-to-face training. Before attending the face-to-face training, students will need to complete their e-Learning which can be done in one sitting or over several sessions. Depending on the student's learning ability, they should allow up to 2 hours for reading and e-Learning. Face-to-face training and assessment take 4 hours in a classroom environment.

A PDF Statement of Attainment in HLTAID011 Provide First Aid will be emailed to you on successful completion of the training and assessment.

Current industry standards recommend renewing this certification every 3 years with the CPR component being updated every 12 months.

This is simply a matter of doing a refresher course with a Registered Training Organisation.

Cost: \$85.00 per person

Group Bookings
