

# Provide cardiopulmonary resuscitation (CPR)

## Course Overview

*This comprehensive training is tailored to equip individuals with the vital know-how to recognise and assist someone who is unconscious and not breathing. In those critical moments before professional medical help arrives, your CPR (Cardiopulmonary Resuscitation) training can make a significant difference. Our course seamlessly blends online modules with practical in-class sessions, ensuring a well-rounded learning experience. Engage in hands-on training that's both informative and interactive*

*HLTAID009 Provide cardiopulmonary resuscitation (CPR) course covers the knowledge and skills required to*

- *provide CPR,*
- *manage and assess an emergency situation,*
- *use an automatic external defibrillator (AED),*
- *understand DRSABCD and the First Aider's legal responsibilities.*

*Provide CPR is trained and assessed in line with Australian Resuscitation Council (ARC) guidelines. Certification nationally recognised Statement of Attainment under the Australian Qualifications Framework (AQF).*

*CPR (HLTAID009) must be completed annually.*

## Delivery Method

*This is a blended course with self-paced online learning (e-Learning) and face-to-face training.*

## Course Duration

*Before attending the face-to-face training, students will need to complete their e-Learning which can be done in one sitting or over several sessions.*

*Depending on the student's learning ability, they should allow up to 1 – 2 hours for reading and e-Learning. Face-to-face training and assessment take 2 hours in a classroom environment*
